Grains damaged in Punjab and Haryana

49. SHRI O.P. KOHLI: Will the Minister of FOOD be pleased to state:

(a) whether government's attention has been drawn to the news item appearing in 'The Pioneer' dated the 13th September, 1995, under the caption 4m". tonnes of grains may go down the drain in North";

(b) if so, the estimated quantity of grains damaged in Punjab and Haryana during the last monsoon period due to their being kept in the open; and

(c) the measures adopted to create additional warehousing capacity for storing the procured grains and the gap still remained between the storage capacity and the quantum of procured grains?

THE MINISTER OF FOOD (SHRI AJIT SINGH): (a) The news item appeared in "The Pioneer" dated the 13th September, 1995 under the caption 4 m tonnes of grains may go down the drain in North is not correct as only two million tonnes of foodgains have been lying in open in FCI Punjab and Haryana; out of which a very small quantity has been affected by rains during 1995.

(b) The estimated quantity of foodgrains affected, salvaged and recovered as damaged in FCI Punjab and Haryana during the last monsoon period due to their being kept in open is as follows.

(Figs, in MTs.)

State	Quantity of foodgrains affected	Quantity salvaged	Quantity recovered as damaged
1	2	3	4
Punjab	124005	56328	2046
Haryana	18357	237	60

The total quantity of foodgrains damaged and rendered unfit for human consumption will be known only after the salvaging operations of the remaining affected stocks is completed:

(c) The FCI has adopted the following measures for creation of additional storage/Warehousing capacity for storing the procured grain.

(i) Higher utilisation of covered capacity, both owned and hired.

(ii) Expediting own construction programme, FCI has already constructed 3.14 lacs tonnes capacity godowns between 1992-93 to 1994-95 and proposed to add another 1.43 lacs tonnes storage capacity during the current year 1995-96.

(iii) Building of Cap complexes for storing of wheat in the consuming states.

(iv) Hiring of available storage capacity from CWC, SWC, State Govt. agencies and private parties.

During the last 3 years the storage space available with the FCI and the Stock position is given below:—

(Fig. in Million Tonnes)

As on	Storage space	Stocks	%Utili-sation
1	2	3	4
31.3.93	19.46	12.04	62%
31.3.94	23.66	18.94	80%
31.3.95	27.40	20.96	77%
1.10.95	27.92	19.36	69%

Between 31.3.93 and 1.10.95 additional 8.46 million tonnes of storage capacity has been arranged by FCI.
